

# Curtin Mauritius

BACHELOR OF COMMERCE

# ACCOUNTING AND FINANCE (DOUBLE MAJOR)

## ABOUT THE DEGREE

The Accounting major will introduce you to the principles of accounting, auditing, taxation and relevant areas of business law. You will learn how to record and communicate information relating to the financial performance of organisations, how to prepare reports, give advice on an organisation's record-keeping and its compliance requirements. You will also learn about accounting techniques applied to planning, directing, decision making, and controlling functions of an organization. The course will help you understand the link between strategic decision, profitability, risk and cash flow.

In the Finance major, you will learn about investment evaluation, how to fund activities and understand the importance of the capital structure of a company. The course also provides you with an understanding of the structure and operations of financial markets and financial instruments including derivative instruments. You will also learn about security analysis and portfolio performance evaluation techniques.

Professional accounting bodies like ACCA, CIMA and ICAEW offer unit exemptions to holders of this degree.
