

Curtin Mauritius

BACHELOR OF COMMERCE BUSINESS INFORMATION SYSTEMS EXTENSION MAJOR WITH SPECIALISATION: > BUSINESS TECHNOLOGY DEVELOPMENT

Professional Recognition: Accredited by the Australian Computer Society

ABOUT THE DEGREE

This major caters for those interested in the design of information systems and the application of computer technology in a business. It leads to careers as business analysts, systems analysts, information centre consultants, information managers in large or small business/government departments/information centres.

Business Technology Development Specialisation

This specialisation is suited to Business Information Systems students who want to broaden their knowledge in enterprise systems, web and mobile technologies and application development. As part of this specialisation, students will undertake a capstone unit where they work in teams to develop and deliver an industry-based Information Systems project.
